## ARTICLE 3 - PARTIES

The parties to this Agreement are set forth in Appendix A.

APR 15 2002

## ARTICLE 4 - GEOGRAPHIC SCOPE

The geographic scope of this Agreement shall extend between all United States ports and points and all foreign ports and points, although it is understood that carrier members may conduct activities in trades other than those involving the United States and that activities outside the scope of the Shipping Act of 1984, as amended (the "Act"), are not as a result of the filing or effectiveness of this Agreement brought within the scope of the Act, the exemption from the antitrust laws provided by the Act, or the jurisdiction of the United States Federal Maritime Commission ("Commission").

## ARTICLE 5 - AGREEMENT AUTHORITY

The members recognize a need for the exchange of information to facilitate long-range maritime industry planning with respect to a broad range of factors such as, environmental controls, intermodal regulations, technological developments, fuel and energy requirements, monetary and fiscal policies, port development, government-controlled fleets and governmental programs which affect maritime activities, and intend to exchange such information. If any discussion or exchange of information results in any proposals and/or agreements of concerted action, those proposals or agreements shall be subject to the right of each member carrier to independent action and to necessary approvals or requirements of Governments. Nothing herein shall be construed as obligating any carrier member to provide or exchange information with other carrier members or the Council. Copies of all documents constituting information provided or data exchanged between the parties under authority of this agreement which concerns the foreign commerce of the United States will be promptly furnished to the Commission.

## ARTICLE 6 - OFFICIALS OF THE AGREEMENT
