## ARTICLE I

## FULL NAME OF AGREEMENT

The agreement established hereby shall be entitled the "Maritime Security Discussion Agreement" (hereinafter "Agreement").

## ARTICLE II

## PURPOSE AND AUTHORITY OF THE AGREEMENT

It is the purpose of this Agreement to enable the ocean common carriers and marine terminal operators that are parties hereto, to meet and discuss, and possibly agree on all matters related to: (1) port security, (2) vessel security, (3) passenger security and (4) cargo security to the extent authorized under the Federal Maritime Commission ("FMC") regulations 46 C.F.R. §§ 501 *et seq*. For the purposes of this Agreement, "security" shall include rates, charges, rules, regulations, practices, terms and other conditions of service that involve or affect port, vessel, passenger or cargo safety and protection.

The parties hereto are authorized to (1) conduct joint meetings, (2) hold discussions including discussions and negotiations with appropriate government agencies, (3) obtain, compile, maintain and exchange information, whether past, current or anticipated, including records, statistics, studies, data and documents of any kind or nature, whether prepared by the parties or obtained from outside sources, and (4) enter into understandings and agreements with respect to port security. Any new understandings or agreements reached under this Agreement shall be subject to consideration and adoption by the parties hereto, and to the subsequent filing with the

FMC, to the extent required by the Shipping Act of 1984 (the "Act") as amended by the Ocean Shipping Reform Act of 1998. Nothing in this Agreement shall be construed to bind any party hereto to any new understanding or agreement reached under this Agreement. Any new understanding or agreement shall be binding only upon those parties that individually subscribe to the new understanding or agreement.

This Agreement shall operate under the authority of 46 U.S.C. app. § 1703(b) and 46 C.F.R. § 535.201(b) as an agreement among marine terminal operators and ocean common carriers to discuss, fix or regulate rates or other conditions of service and to engage in exclusive, preferential, or cooperative working arrangements involving ocean transportation in the foreign commerce of the United States. Any new agreement or understanding reached under this Agreement shall be filed with the FMC to the extent required by the Act, as amended, and shall not become effective except as provided by said Act, as amended.

## ARTICLE III

## PARTIES TO AGREEMENT

A list of the current parties to this Agreement is set forth in Appendix A annexed hereto. If any additional party or parties join the Agreement or if any party or parties withdraw from the Agreement, the parties will amend their Agreement and file such changes with the FMC in accordance with the FMC's regulations.

## ARTICLE IV
