A. Original Pool - On the Commencement Date, as that date is defined in Section 11 hereof, each of the Contributors shall supply to the Chassis Pool all chassis used in the Contributor's respective operations at the Terminal on such date, excluding Gen-Set and specialized chassis, except that Cho Yang and DSR-Senator shall contribute only the 20-foot chassis used in their operations at the Terminal. The contributed chassis must meet FHWA standards as determined by the inspection of the chassis pursuant to a mutually agreed procedure within ten (10) days of the first day the chassis is present in the Terminal beginning on the Commencement Date. Schedule A attached identifies and describes each of such chassis. The Contributors

In the event the Chassis Pool inventory is too high the Supervisory Board will determine the number of chassis to be removed from the Chassis Pool to bring the Chassis Pool to an appropriate level. The number of chassis each Contributor will be required to remove shall be determined as follows:

1. Each Contributor whose usage of chassis in the three consecutive month period immediately preceding the determination was lower than 70% of the total amount of its contributed chassis shall remove sufficient chassis to bring its percentage of usage up to 70%.

2. After the adjustment is made pursuant to subparagraph 1 above there may be need to remove additional chassis from the Chassis Pool in order to achieve the appropriate level. In such event, each Contributor shall remove chassis from the Pool in the proportion of the number of its chassis in the Chassis Pool to the total number of chassis in the Chassis Pool.

All chassis removed from the Chassis Pool must be removed from the Terminal. The chassis to be removed from the Terminal shall be identified and removed by the respective

In the event a Contributor has possession of its own Pool Chassis on lease at a location outside the Terminal and the expense of repositioning the chassis back to the Terminal is cost prohibitive, the Contributor may remove that chassis from the Chassis Pool by sending a fax notice to the Pool Manager, as that term is defined in Section 3.

2. Supervisory Board - A Supervisory Board shall be established consisting of one representative from, and designated by, each Contributor. The representatives of Cho Yang and DSR-Senator shall not be entitled to vote on matters before the Supervisory Board. D. Commission: Costs of Management.

The Co-Op shall pay Maher the following amounts for the service to be rendered pursuant to paragraph A of this Section 1:

(i) a commission of fifteen percent (15%) of gross revenue billed on behalf of the Co-Op for chassis usage. For this purpose gross revenue billed does not include the rental rate charged to Contributors which is intended to cover average daily maintenance and repair charges for Pool Chassis;

(ii) reimbursement for Maher's direct and indirect costs incurred in managing and administering the Chassis Pool. Should Maher at any time be denied any payment as a result of the application of the immediately preceding sentence, the amount of any such denied payment or payments shall be accumulated and shall immediately become payable, in whole or in part, if and when the Co-Op derives sufficient revenues from the non-contributor users of Pool Chassis and Additional Rentals to make such whole payment or partial payments.

Maher will bill truckers on behalf of the Co-Op for major damages noted on inbound TIRs, such as bolster, main rail and landing leg damage, and missing components, such as mud flaps and sand shoes.

Maher will bill truckers on behalf of the Contributor of the Chassis for damage to tires noted on inbound TIRs, such as flat tires, tire switches, run flat tires, blown tires and major cuts in tires.

Maher's billings to truckers for the damages covered by the two immediately preceding paragraphs shall include a fifteen percent (15%) mark-up to cover Maher's costs for such service. Upon receiving payment from the trucker Maher will retain the mark-up and remit the balance to the Co-Op or the Contributor, as the case may be.

3. Maher's Use of Pool Chassis

Maher shall have the right to use idle Pool Chassis within the Terminal without charge for purposes such as but not limited to wheeled empty quotas; provided (a) such use is for its own reasonable purpose and is not in lieu of a use otherwise billable by the Co-Op and (b) Maher gives the Pool Manager prior notice.
