---

"The notice of the call of any meeting by telephone shall be given by the Executive Secretary to each member by telephone and by arranging a telephonic conference on the date so fixed between the President and all or so many of the members (but not less than one-half (1/2) of the membership of the Association in good standing) as may be available, and by stating at such telephonic conference the manner of call of said meeting by telephone and the purposes for which such meeting is called, together with the text of any resolutions or other actions proposed. No business other than that which is within the purposes for which the meeting by telephone was called shall be transacted, provided, however, if all members are present and unanimously agree, any other matters within the scope of the agreement may be dealt with at such meeting by telephone. The President shall preside at such meeting by telephone and shall entertain motions, seconds and discussion, put matters to vote and otherwise carry on the business of the meeting by telephone as if such meeting were an annual or special meeting of the Association in person.

"In the event any member is absent from a meeting by telephone, the Executive Secretary shall, as soon after such meeting has adjourned as such absent member may be reached by telephone, advise such member of the purposes of the call and the subject or subjects acted upon at such meeting, of the text of any resolutions or other actions voted upon or taken at such meeting together with the vote thereon, and shall ask for, receive, and, subject to confirmation by telegram or other written communication within twenty-four hours thereafter by such absent member, record such member's vote on each of such resolutions or other actions.

"Any resolution or other action proposed and adopted at a meeting by telephone shall have the same force and effect as though such resolution or other action had been adopted or taken at an annual or special meeting of the Association."
