Article 5: Overview of Agreement Authority.

5.1 The Parties are authorized to meet, exchange information, discuss, negotiate and agree upon the formulation of any lawful agreement permitting the rationalization of service, equipment or capacity in all or any part of the Trade by slot charter, joint service or otherwise; provided, however, that no such agreement may become effective until all governmental conditions required to be fulfilled prior to its effectiveness shall have been fulfilled.

5.2 Space and Vessels.

- a) Subject to Article 5.2(g):
  - (i) the Parties shall employ seven (7) vessels of approximately 1800/2300 TEU capacity Eastbound (average 14 gwt per TEU) and approximately 2000/2500 TEU capacity Westbound (average 12 gwt per TEU).
  - (ii) As from mid-March 2004, the Parties shall progressively withdraw the deployed tonnage described in subparagraph (i) above and shall progressively deploy seven (7) vessels of approximately 2500/2800 TEU capacity Eastbound (average 14 gwt per TEU) and approximately 3000/3300 TEU capacity Westbound (average 11 gwt per TEU).
  - (iii) The vessels described in subparagraphs (i) and (ii) above shall be compatible in terms of actual TEU intake and speed capability, able to complete the intended port rotation within 49 days, thus providing a service frequency of approximately 7 days.

- b) The seven vessels will be provided as follows:
- APL 1 vessel
  - CMA CGM 2 vessels (of which one vessel is being deployed by CMA CGM's wholly owned subsidiary, MacAndrews & Company Limited)
  - Contship 2 vessels
  - SCI 1 vessel

The seventh vessel shall be provided jointly by CMA CGM and Contship, who are authorized to discuss and agree from time to time on the terms and conditions upon which such vessel shall be provided. In the event the number of vessels deployed hereunder is increased pursuant to Article 5.2(g), the Parties shall agree on the provision of the additional vessels.

- c) Intentionally omitted.
- d) According to clause 6.2 here below, in case the Agreement is extended, Parties shall discuss and possibly review tonnage provision, without further amendment.
- e) Intentionally omitted.

f) Intentionally omitted.

g) Without further amendment, the number and size of vessels to be operated hereunder may be increased up to ten (10), each with an approximate capacity of not more than 4500 TEUs, subject to agreement of the Parties.

h) The Parties will operate a slot exchange agreement in which each of them is entitled to space in proportion to its contribution of slots. It will be monitored over a cycle in each direction. It is agreed that APL may receive an additional allocation in addition to their

basic entitlement, with such additional allocation to be agreed between the Parties.

i) Any over/under provision of capacity or further sale or purchase of slots between the Parties will be paid for at slot rates to be agreed.

In the event that the vessels' capacity is restricted due to known port draft or other mutually agreed operational restrictions, then the restricted capacity will be allocated in proportion to each Party's allocated share of space on each vessel of each Party.

j) The Parties may agree on the number of sailings, schedules, ports called and frequency of port calls for their vessels in the Trade.

Initially, the port rotation is intended to be as follows: Colombo/Tuticorin / Nhava Sheva / via Suez Canal/New York/Norfolk/Charleston or Savannah/Port Said/via Suez Canal/Colombo.

Thereafter, as soon as above subclause (f) is in force, Parties will discuss and possibly agree on a unanimous basis any long term additional call(s).

k) None of SCI, Contship, CMA CGM nor APL may provide space made available to it hereunder to a non-Party ocean common carrier without the prior consent of the other three ocean carriers. If the other three ocean carriers consent to making space available to such non-parties, such space will be provided on such terms as all four ocean carriers agree; provided, however, that (i) Contship shall not require the consent of the others to provide space to other CP Ships carriers; and (ii) Contship and CMA CGM shall not require the

consent of SCI and APL to make space available to Hapag Lloyd. The terms on which space may be provided to other CP Ships carriers or Hapag LLOYD under this Article 5.2(k) shall not require the agreement of the other Parties.

Nothing herein shall authorize any other CP Ships carrier or Hapag LLOYD to sub-charter space provided to it hereunder to another carrier.

APL shall not require the consent of the other Parties to allocate and share space as between APL Co. Pte Ltd and American President Lines, Ltd

The Parties agree that they shall, where possible, negotiate jointly stevedoring terms and conditions at direct ports of call. Nothing herein, however, shall authorize the Parties jointly to operate a marine terminal in the United States.

5.4 Operational Considerations.

(a) SCI, Contship, APL and CMA CGM shall book cargoes subject to this Agreement for their separate accounts and shall issue their own separate bills of lading.

(b) SCI, Contship, APL and CMA CGM agree that none of them or their affiliates and/or wholly owned subsidiaries will commence or enter into a separate
