Article 5: OVERVIEW OF AGREEMENT AUTHORITY.

5.1 Vessel Schedule/Port Rotation. The parties are authorized to discuss and agree on ports to be called and port rotation and to change any port rotation so agreed upon by unanimous consent of the parties. The port rotation may be changed by unanimous consent of the parties without a further amendment to this agreement. The parties are authorized to discuss and agree on the phasing-in/phasing-out of vessels for maintenance, whether programmed or unprogrammed. The parties also are authorized to discuss and agree on criteria to measure adherence to any agreed-upon schedule and remedial actions/consequences in the event of non-adherence.
5.2 **Space and Vessels.**

(a) Subject to Article 5.2(d), the **The** Parties shall employ seven (7) vessels of approximately 2500/3000/3500/4200 TEU capacity Eastbound (average 14 gwt per TEU) and approximately 3000/3500 TEU capacity and Westbound (average 11/10.5 gwt per TEU). The vessels shall be compatible in terms of actual TEU intake and speed capability, able to complete the intended port rotation within 49 days, thus providing a service frequency of approximately 7 days. The Parties are authorized, by unanimous agreement, to revise the average gwt per TEU used for purposes of this Agreement without making any further amendments hereto.

(b) The seven vessels will be provided as follows:

- **APL 2 vessels**
CMA CGM – CP/HL – APL INDAMEX 3 CROSS SPACE CHARTER, SAILING AND COOPERATIVE WORKING AGREEMENT Agreement No. 011830-005 (3rd Edition) Original Page No. 4

-CMA CGM 2 vessels (of which one) vessel is being deployed may be provided by CMA CGM’s wholly owned subsidiary, MacAndrews & Company Limited pursuant to agreement between CMA CGM and MacAndrews. In the event that MacAndrews becomes a party to another agreement covering the same Trade as this Agreement and such service becomes operationally effective, then any vessel provided by MacAndrews on behalf of CMA CGM as a vessel provider in this Agreement will be replaced by a CMA CGM vessel. The provision of such vessel by MacAndrews on behalf of CMA CGM is totally without prejudice to CMA CGM’s obligations under this Agreement as a vessel provider and CMA CGM assumes all responsibility as vessel provider hereunder for any such vessel provided by MacAndrews.

-CP-Ships/HL 2 vessels

The seventh vessel shall be provided jointly by CMA CGM and CP/HL Ships, who are authorized to discuss and agree from time to time on the terms and conditions upon which such vessel shall be provided. In the event the number of vessels deployed hereunder is increased pursuant to Article 5.2(d), the Parties shall agree on the provision of the additional vessels. Each Party shall be responsible for all costs associated with operation of its vessels including, but not restricted to, charter hire, bunker, port and Suez Canal costs, dry docking and repair costs, and insurance costs.
e) According to clause 6.2 here below, in case the Agreement is extended, Parties shall discuss and possibly review tonnage provision, without further amendment.

d) Without further amendment, the number and size of vessels to be operated hereunder may be increased up to ten (10), each with an approximate capacity of not more than 4500 TEUs, subject to agreement of the Parties.

e(c) The Parties will operate a slot exchange agreement in which each of them is entitled to space in proportion to its contribution of slots ("basic slot allocation"). It will be monitored over a cycle in each direction. The Parties are authorized to agree to adjust structurally their basic slot allocations up or down by up to 25% without further amendment to this Agreement. In addition, APL shall sell CMA CGM approximately 150 slots (depending on the agreed average gvt per TEU) per sailing from within APL's basic slot allocation on a used/unused basis through the end of the vessel cycle to be completed on or about June 30, 2006.

f(d) Any over/under provision of capacity or further sale or purchase of slots between the Parties from within their respective basic slot allocations will be paid for

at slot rates to be agreed. In the event that the vessels' capacity is restricted due to known port draft or other mutually agreed operational restrictions, then the restricted
capacity will be allocated in proportion to each Party’s allocated share of space on each vessel of each Party.

(2nd Edition)

Original Page No. 5g) The Parties may agree on the number of sailings, schedules, ports called and frequency of port calls for their vessels in the Trade. Initially, the port rotation is intended to be as follows:
Colombo/Tuticorin / nhava Sheva / via / Mundra*
- (Suez Canal/ Transit) – New York/ – Norfolk/ –
Charleston or Savannah/ – Port Said/ via – (Suez Canal/ Transit) – Colombo

* The Mundra call will be performed upon an ad hoc basis (to be agreed) during the first cycle of this Agreement, but will become a structural Base Port of call with effect from the commencement of the second cycle.

(f) CMA CGM, CP/HL and APL shall be entitled to release slots to their 100% wholly owned VOCC subsidiaries and/or affiliated group companies sharing common ownership as from the start of this Agreement. The selling Party is to advise the other two Parties in writing at least 2 weeks prior the first loadings so as to avoid and operational / booking distortions.

(hg) None of CP-Ships/HL, CMA CGM, APL nor any Party’s wholly owned subsidiary, affiliate company or other member of a group of shipping companies (either acting as VOCC or NVOCC in the United States) receiving slots from any Party’s entitlement under the present Agreement, may provide space made available to it hereunder to a non-Party ocean common carrier without the prior consent of the other two Parties. If the other two Parties consent to making space available to such
non-parties, such space will be provided on such terms as all Parties agree; provided, however, that (i) CP Ships shall not require the consent of the others to provide space to other CP Ships carriers; and (ii) CP Ships and CMA CGM shall not require the consent of APL to make space available to Hapag-Lloyd. The terms on which space may be provided to other CP Ships carriers or Hapag-Lloyd under this Article 5.2(h) shall not require the agreement of the other Parties. Nothing herein shall authorize any other CP Ships carrier or Hapag-Lloyd to sub-charter space provided to it hereunder to another carrier. APL shall not require the consent of the other Parties to allocate and share space as between APL Co. Pte Ltd and American President Lines, Ltd. CMA CGM shall not require the consent of the other Parties to allocate space to affiliated and

Nothing herein, however, shall authorize the Parties jointly to operate a marine terminal in the United States.

5.4 Operational Considerations.

(i) CP Ships and CMA CGM from continuing their participation in the EPIC Consortium and/or the service they operate in the Trade from Indian subcontinent via Singapore to the Mediterranean/UK/North Indamex/APL Agreement
