The full name of this Agreement is the Ocean Carrier Equipment Management Association ("OCEMA").

The purpose of this Agreement is to permit the parties to discuss, evaluate and reach agreement with respect to matters pertaining to the interchange, transportation, use and operation of carrier equipment in the United States.

ARTICLE 3: PARTIES TO THE AGREEMENT

The parties to this Agreement are listed in Appendix A hereto. See also Article 7.1.

ARTICLE 4: GEOGRAPHIC SCOPE OF THE AGREEMENT

This Agreement covers the trades between all United States ports, and all U.S. points served via those ports, (including, without limitation, ports and points in Puerto Rico and U.S. territories and possessions), and ports and points in all other countries worldwide (hereinafter the "Trade").

ARTICLE 5: AGREEMENT AUTHORITY

5.1 Under this Agreement, two or more of the parties are authorized, but not required to meet, discuss and agree upon all matters in the Trade relating to the interchange of carrier
equipment with shippers and/or consignees, their agents or subcontractors, and other persons or entities including: uniform or differential terms pertaining to insurance, liability for loss or damage (whether of or to equipment, or the person or property of third parties) maintenance and repair, credit, billing, and collection practices, terminal handling and destination delivery charges, free time, detention and demurrage charges; other charges, surcharges, or assessments to shippers, consignees or their agents relating to the storage, repositioning, handling, availability, interchange, or use of equipment stored at port or inland terminals or at facilities operated by shippers or other entities, or moving between U.S. ports and inland locations, or between inland locations in the U.S.; the pass through of all or portions of any charges, surcharges or assessments imposed in the U.S. by inland carriers, terminals, ports, or governmental or public bodies on the use, storage, or transport of loaded or empty containers; terms of equipment interchange agreements; and all conditions, classifications, rules, and practices pertaining to the availability, lease, use, delivery, acceptance, interchange, refusal, handling, documentation, transfer, storage, inland transportation, and delivery of equipment whether or not
moving under through bill of lading or otherwise, by direct service or transshipment, and whether moving under conference or individual tariffs, service contracts or otherwise, including the terms of bills of lading, service contracts, or tariffs relating to the foregoing.

5.2 The parties may exchange information, statistics, reports, studies and other data pertaining to matters within the scope of Article 5.1.

5.3 Without limitation, any agreement reached on tariff rate or service items shall be a matter of voluntary adherence by each party and nothing in this Agreement shall prevent any party from departing from such agreement at any time with notice to the Agreement.

5.4 The parties may agree upon any routine administrative matters relating to the operation or implementation of this Agreement. The parties shall allocate costs incurred hereunder and pay their respective shares thereof in a timely manner. Any member that withdraws from the Agreement shall be responsible to pay its share of Agreement expenses, including but not limited to Agreement dues and the cost of any Agreement policing program, through the period ending ninety (90)
days following the effective date of its withdrawal. Payment of such amounts shall be due at the same time payment is due from the other members of the Agreement.

5.5 For purposes hereof, references to "equipment" shall mean containers, trailers, chassis, and other intermodal equipment.

5.6 Voluntary agreements reached hereunder may be published in the applicable tariffs or service contracts of the parties. The parties are authorized to discuss, share information, and reach agreements with respect to matters within the subjects included in Article 5 hereof which are pending before or were decided by other carrier agreements to which one or more of the Parties hereto are a party. The parties are further authorized to agree to adopt similar provisions for their respective agreement or individual tariffs or service contracts or to recommend actions to other agreements through common members. If a party's applicable tariff or service contract is published or authorized by a conference or other carrier agreement filed with the FMC, such party may bring the agreement reached hereunder to the conference or agreement for consideration and adoption by it. The parties may agree to
publish a tariff(s) under the auspices of the Agreement covering subjects authorized by this Article in which all of the parties may participate.

5.7 Subject to Article 5.3 hereof, the parties are authorized to enter into implementing and interstitial arrangements, writings, understandings, procedures and documents within the scope of the authorities set forth in this Article 5 in order to carry out the authorities and purpose hereof.

5.8 Subject to the Shipping Act of 1984, as amended, two or more of the parties are authorized, but not required, to meet with the owners or operators of inland depots, equipment pools, or inland terminals to discuss, negotiate, and agree upon matters, including rates, terms, conditions, procedures, and charges related to the use of inland depots, pools, and terminals, and the use, receipt, lease, storage, repair and interchange of equipment. Subject to the Shipping Act of 1984, as amended, two or more of the parties are authorized, but not required, to meet with the owners or operators of rail and motor carriers to discuss, negotiate, and agree upon matters, including rates, terms, conditions, procedures, and charges related to insurance, the use and establishment of inland depots, pools, and
terminals, and the use, receipt, lease, storage, repair and interchange of equipment. Subject to any restrictions in the Shipping Act of 1984, as amended, the parties may also discuss, negotiate and agree upon joint contracts, joint purchase and joint lease of inland transport services, inland_depot services, pools, equipment, terminals, and other facilities. The Parties are authorized to meet, discuss and agree among themselves on matters included in this paragraph; provided, however, that notwithstanding any other provision hereof, this Agreement does not authorize the parties to negotiate, agree upon, or jointly contract for freight rates or compensation to be paid by the parties to motor carriers and/or port truck drivers.

5.9 In furtherance of the authority contained in Article 5, the parties are authorized to obtain, compile, maintain, and exchange among themselves, information related to any aspect of insurance, inland transport, inland depots, pools, terminals and/or equipment use. Such information may include records, statistics, studies, compilations, projections, costs, and documents of any kind or nature whether prepared by the parties or obtained from outside sources relating to matters authorized by Article 5.
5.10(a) The parties are authorized to discuss, agree upon, adopt, revise, and implement voluntary guidelines relating to the terms and procedures of individual service contracts on subjects authorized by Article 5.1. Any such voluntary guidelines adopted by the parties shall explicitly state that the parties have the right not to follow the guidelines and shall be submitted confidentially to the Federal Maritime Commission.

(b) Any committee recommendations to the Agreement to adopt or increase charges, surcharges, or assessments to shippers or consignees, whether or not relating to individual service contracts, will be submitted confidentially to the Federal Maritime Commission.

5.11 The parties are authorized to discuss and agree upon a standard tariff for matters relating to Article 5.1 and the Parties’ individual service contract terms. The Parties are also authorized to discuss and agree upon standard bill of lading terms for cargo and equipment damage.

5.12 The parties are authorized but not required to incorporate the Agreement as a non-profit corporation under the laws of the District of Columbia with all of the rights and authorities permitted for such entities under D.C. law. When
established, no stock shall be issued or dividends paid, and no part of the income of the corporation shall be distributed to the members, directors, officers or any party to this Agreement. All members of the Agreement will be members of the corporation.

5.13 The parties are authorized but not required to meet, discuss, share information and agree upon matters including, but not limited to, the establishment of rates, terms, conditions, procedures and charges related to the creation and operation of equipment pools at port and inland terminals and depots, and the contribution, use, receipt, lease, storage, repair, inspection, maintenance, interchange and tracking of pooled equipment. The parties may also form, own and operate corporations, limited liability companies, holding companies or other entities, formed either for profit or not for profit, to establish, own and/or operate equipment pools or pool-owning companies. Such pools may be operated directly by a company formed hereunder or through contracts with third party pool management entities. The parties and any two or more of the owner, operator, users and/or contributors of a pool established hereunder may also discuss and agree on the distribution or use of pool revenues in excess of costs, assessments to cover deficits in pool operations or other pool obligations; liability, indemnity and insurance requirements
for users, contributors, pool vendors, and inland carriers; removal of equipment deemed excess to pool requirements; and the lease of additional equipment to meet pool demands. The parties may also, themselves or with users of chassis pools, form a purchasing group within the association or form affiliated corporate or other entities to procure insurance covering liabilities arising out of or related to chassis and/or chassis pool operations.

5.14 The parties are authorized, but not required to meet, discuss, exchange information and data, and reach agreement amongst themselves or with third parties regarding the establishment of industry standards or guidelines relevant to the safety, maintenance, inspection, repair, or operating procedures of intermodal equipment.
