Article 4: GEOGRAPHIC SCOPE

This Agreement shall cover transportation between ports on the East Coast of the United States (Eastport, Maine to Key West, Florida) and U.S. inland and coastal points served via such ports, on the one hand, and (i) ports and points in India, Pakistan, Sri Lanka, and Bangladesh; (ii) ports and points in countries bordering the Mediterranean Sea and in Portugal; and (iii) ports and points in countries bordering the Red Sea and in the United Arab Emirates, on the other hand. All of the foregoing is referred to herein as the "Trade". It is understood that each of the Parties may utilize space available to it under this Agreement for the carriage of cargo originating in and/or destined to countries outside the Trade.

Article 5: OVERVIEW OF AGREEMENT AUTHORITY.

5.1 Vessel Schedule/Port Rotation. The parties are authorized to discuss and Agree on ports to be called and port rotation and to change any port rotation so agreed upon by unanimous consent of the parties. The port rotation may be changed by unanimous consent of the parties without a further amendment to this agreement. The parties are authorized to discuss and agree on the phasing-in/ phasing-out of vessels for maintenance, whether programmed or unprogrammed. The parties also are authorized to discuss and agree on criteria to measure adherence to any agreed- upon schedule and remedial actions/ consequences in the event of non-adherence.

5.2 Space and Vessels.

(a) The Parties shall employ nine (9) vessels with a minimum intake of 7,200 TEUs at 10.4 gwt per TEU and a maximum intake of 8,800 TEUs at 10.4 gwt per TEU ~~of approximately 7200 TEU capacity Eastbound and Westbound (average 10.4 gwt per TEU)~~ ~~and~~ with minimum 475 usable reefer plugs. Without further amendment hereto, the Parties are authorized to operate up to ten (10) vessels, each with a capacity of approximately 10,000 TEUs. The vessels shall be compatible in terms of actual TEU intake and speed capability, able to complete the intended port rotation within 63 days, thus providing a service frequency of approximately 7 days. The Parties are authorized, by unanimous agreement, to revise the average gwt per TEU used for purposes of this Agreement without making any further amendments hereto. In the event a Party deploys a vessel with a capacity in excess of that described above, excess capacity

AND COOPERATIVE WORKING AGREEMENT

shall be for the account of the Party providing that vessel. A Party may not deploy a vessel that fails to meet the minimal criteria set forth above without the consent of the other Parties.

(b) The nine ~~upsized~~ vessels will be provided as follows:

~~As of February 7, 2018,~~ HL shall provide four (4) vessels, CMA shall provide three (3) vessels, and OOCL and ONE shall each provide one (1) vessel. ~~NYK shall continue to provide its current vessel until May 2, 2018, at which time it shall provide one (1) upsized vessel.~~

Each Party shall be responsible for all costs associated with operation of its vessels including, but not restricted to, charter hire, bunker, port and Suez Canal costs, dry docking and repair costs, and insurance costs.

(c) The Parties will operate a slot exchange agreement in which each of them is entitled to space in proportion to its contribution of slots ("basic slot allocation"). It will be monitored over a cycle in each direction. The Parties are authorized to agree to adjust structurally their basic slot allocations (including by means of structural slot sale(s)) up or down by up to 50% without further amendment to this Agreement. The Parties are authorized to charter space to/from one another on an ad hoc basis.

(d) Any over/under provision of capacity or further sale or purchase of slots between the Parties from within their respective basic slot allocations will be paid for at slot rates to be agreed. In the event that the vessels' capacity is restricted due to

AND COOPERATIVE WORKING AGREEMENT

known port draft or other mutually agreed operational restrictions, and then the restricted capacity will be allocated in proportion to each Party's allocated share of space on each vessel of each Party.

(e) The Parties may agree on the number of sailings, schedules, ports called and frequency of port calls for their vessels in the Trade. Initially, the port rotation shall be Port Qasim - Nhava Sheva - Mundra - (Suez transit) - Damietta - New York - Norfolk - Savannah - Charleston - Port Said - (Suez transit) - Jeddah - Port Qasim.

(f) The Parties may not subcharter space to any third party (except their respective fully owned subsidiaries and affiliate companies) without the prior consent of all other Parties, such consent not to be unreasonably withheld.

(g) No Party's wholly owned subsidiary, affiliate company or other member of a group of shipping companies (either acting as VOCC or NVOCC in the United States) receiving slots from any Party's entitlement under the present Agreement, may provide space made available to it hereunder to a non-Party ocean common carrier without the prior consent of the other Parties.

(h) The Parties may continue to operate existing services within the scope of this Agreement and to modify such existing services from time to time. Where a Party wishes to introduce a new service or enter into any permanent slot charter or slot exchange agreement falling within the scope of this Agreement, it may do so on condition that it offers all the other Parties

the opportunity of participating on terms as set out for the service hereunder.

5.3 Facilities, Services and Supplies.

The Parties are authorized to discuss and agree on the joint and/or individual negotiation of appropriate contracts with terminal operators and stevedores, and to reach agreement on other issues relating to the loading and/or discharge of cargo, such as but not restricted to common costs including but not limited to overtime, stand-by-time, and idle time. Nothing herein, however, shall authorize the Parties jointly to operate a marine terminal in the United States.

5.4 Operational Considerations.

The Parties shall use their best endeavors to reach a satisfactory level of on-time service performance at all ports of call by jointly design, review and optimize service rotations and all related operational arrangements.

5.5 Administration and Implementation.

(a) The Parties may implement this Agreement by meetings, writings and other communications between them, and may make such other arrangements as may be necessary or appropriate to effectuate the purposes and provisions of this Agreement.

(b) The Parties, in implementing this Agreement, may agree on their

respective rights, liabilities, and indemnities arising under this Agreement including, but not limited to, matters such as failure to perform, force majeure, and insurances. The phase-in of tonnage will be conducted in a smooth and economic manner and be completed as soon as possible. The Party phasing-in the tonnage will bear the phase-in costs.

Pursuant to 46 C.F.R. §535.408(b), any further agreement reached pursuant to authority contained in this Agreement will not be implemented until it has been filed with the Federal Maritime Commission and become effective under the Shipping Act of 1984, as amended (if such filing is legally required).

6.3 If at any time during the term of this Agreement there shall be a change in the ownership or ultimate control of a Party or an agreement has been entered into for such a change of ownership or ultimate control ("Affected Party"), then the other Parties may, within six months of becoming aware of the change in ownership or control or the existence of the agreement to effect such change, terminate the Agreement in relation to the Affected Party by giving not less than six months' notice

7.3 Notwithstanding the aforementioned, the Agreement will terminate, unless otherwise unanimously agreed, upon completion of a full roundtrip cycle (WB+EB), meaning that all vessels of the concerned cycle departing from the first port of loading in the westbound direction after the date of termination will sail under the terms of this Agreement.

7.4 In the event of termination of the period of the Agreement for whatever cause in relation to one or more Parties, the Parties shall continue to be liable to one another in respect of all liabilities and obligations accrued due prior to termination and in such other respects as the Parties shall determine to be fair as between themselves in relation to the completion of all contracts of carriage outstanding at the date of termination.

Article 8: COMPLIANCE WITH US REGULATIONS

8.1 At all times, the Parties to this Agreement shall comply with the United States Shipping Act of 1984 as amended by the Ocean Shipping Reform Act of 1998 and any other United States Regulatory Law, where applicable.

Article 9: SEPARATE MARKETING

Each Party shall retain its separate identity and shall have separate sales, pricing and marketing functions. Each Party shall issue its own Bill of Lading.

Article 10: NON ASSIGNMENT

No Party shall assign or transfer its rights or obligations under this Agreement either in part or in full to any third party, firm or corporation (except to subsidiaries, parent companies or fellow subsidiaries) without the prior written consent of other Parties. Each Party warrants that any subsidiary or fellow subsidiary to which any assignment is made shall not be sold to an unrelated entity.

Article 11: APPLICABLE LAW.

The interpretation, construction and enforcement of this Agreement, and all rights and obligations between the Parties under this Agreement shall be governed by English Law, but always subject to the application of the U.S. Shipping Act of 1984 as amended by the Ocean Shipping Reform Act of 1998 and any other U.S. regulatory

law.

Notwithstanding anything to the contrary in this Article 11, or as may be agreed between the Parties otherwise, any dispute between the Parties relating to loss or damage to cargo or containers shall be dealt as per Article 12.

Article 12: ARBITRATION.

Any dispute arising out of or in connection with this Agreement shall be referred to arbitration in London in accordance with the Arbitration Act of 1996 of the United Kingdom or any statutory modification or re-enactment thereof save to the extent necessary to give effect to the provisions of this Article.

The arbitration shall be conducted in accordance with the London Maritime Arbitrators Association (LMAA) Terms current at the time when the arbitration proceedings are commenced.

A Party wishing to refer a dispute to arbitration shall appoint its arbitrator and send notice of such appointment in writing to the other Parties, requiring the other Party(ies) to appoint its/their own arbitrator within 14 calendar days of that notice, and stating that it will appoint its arbitrator as sole arbitrator unless the other Party(ies) appoint(s) its/their own arbitrator and give notice that it/they has (have) done so within the 14 days specified. If the other Party(ies) do(es) not appoint its/their own arbitrator and give notice that it/they has (have) done so within the 14 days specified, the Party referring a dispute to arbitration

accordingly. The award of a sole arbitrator shall be binding on all Parties as if he had
been appointed by agreement.

Nothing herein shall prevent the Parties from agreeing in writing to vary these
provisions to provide for the appointment of a sole arbitrator.

In cases where neither the claim nor any counterclaim exceeds the sum of US\$
100,000 the arbitration shall be conducted in accordance with the LMAA Small
Claims Procedure current at the time when arbitration proceedings are commenced.
