Each carrier (both private and governmental) shall be solely responsible for the payment of any assessments provided for in this Agreement. Any direct employer who performs work for any carrier that has not subscribed to the NYSA-ILA collective bargaining agreements, including this Assessment Agreement, shall be responsible for those assessments that should have been paid by such carrier. The ILA may refuse to supply labor to work the vessels or cargo of any carrier which has failed to comply with the provisions of this Assessment Agreement or to work for any direct employer that has failed to pay the assessments of non-subscribing carriers.

Section 2

The assessments provided for in this Agreement shall be paid to NYSA for transmittal to the NYSA-ILA Fringe Benefits Escrow Fund, after deduction therefrom of those portions designed to fund pension obligations and NYSA administrative expenses. The pension portion shall be paid by NYSA directly to the NYSA-ILA Pension Trust Fund and NYSA-ILA Money Purchase Pension Fund and Plan. The portion designed to fund NYSA's administrative expenses shall be retained by NYSA, and the union members of the Contract Board shall have no voice in the amount or use of that part of the assessments raised for the administrative support of NYSA.

ARTICLE V**ADMINISTRATION****Section 1**

The administration and implementation of this Assessment Agreement shall reside in the NYSA-ILA Contract Board. The Contract Board shall have all powers necessary to implement this Agreement including, but not limited to, the following:

- (a) To require the filing by carriers and direct employers of such reports on work-hours, container movements, and tonnages as it may deem necessary;
- (b) To provide the time and conditions under which assessment payments are to be made, as well as to require such surety bonds from carriers, carrier agents, and direct employers as may be necessary to assure payment of the assessments provided for in this Agreement;
- (c) To carry out the provisions of this Agreement, including but not limited to, the fixing and modification of the assessment rates and charges provided for in article III of this Agreement;
- (d) To provide for the audit of any assessment reports, to collect deficiencies indicated by such audits, and to set up procedures to assure proper reporting and payment;
- (e) To issue interpretations and rulings with respect to any of the provisions of this Agreement; and,
- (f) To provide hearings meeting all the reasonable requirements of due process to any and all persons desiring to be heard on any assessment issue.

Section 2

The Contract Board is empowered to modify the assessments, rates, and charges provided for in this Agreement, to alleviate peculiar and isolated hardships for specific carriers, trades, or

commodities by exempting them in whole or in part from any of the assessments provided for in this Agreement, to modify the definition of an Assessment Ton with respect to any specific cargo, to devise conversion factors determining the cubic measurement of any specific cargo, to develop factors or formulae for determining work-hours, tonnages, or other data necessary to facilitate the imposition and collection of the assessments prescribed in this Agreement, and to establish special assessments for specific cargoes. The Contract Board shall have the right to take these actions upon its own motion or pursuant to a request filed by any carrier, direct employer, or other interested party. Any such request should be properly supported by statistical or other proof. In hearing and determining such requests, the Contract Board shall take into consideration all pertinent factors, including but not limited to:

- (a) prevention of any potential diversion of cargo from the Port;
- (b) maintenance of equitable and non-discriminatory rules with respect to all cargo;
- (c) assurance that any assessment charges bear a reasonable relationship to responsibility for fringe benefit costs;
- (d) continued ability to meet obligations under the NYSA-ILA collective bargaining agreements; and;
- (e) encouragement of the utilization of longshore labor in the Port.

Section 3

Decisions of the Contract Board under this Agreement shall be final and binding and shall have the same force and effect as an arbitration award. Any matter resulting in a deadlock vote on the Contract Board shall be referred to immediate arbitration in accordance with the grievance and arbitration provisions of the NYSA-ILA collective bargaining agreements.

ARTICLE VI

EFFECTIVE DATE

Section 1

This Agreement shall become effective on October 1, 2012 unless otherwise stated and shall continue in effect for the term of the current NYSA-ILA Collective Bargaining Agreement and all succeeding extensions or agreements. Either party, however, shall have the right to renegotiate this Agreement whenever the NYSA-ILA Collective Bargaining Agreement expires and is subject to renegotiation.

Section 2

If for any reason this Agreement may not be implemented as written because of any governmental action, the ILA shall have the right upon 60 days' written notice to cancel this Agreement and to renegotiate a new agreement on the method of funding fringe benefits. If agreement is not reached within such 60 day period, the ILA shall have the right not to work, and NYSA employers shall have the right not to order in ILA employees for work. The provisions of this section shall not be arbitrable.

IN WITNESS WHEREOF the parties hereto have executed this Agreement by their principal officers on the day and year first above written.
