Article 1: Name

The full name of this Agreement is the Höegh/Maersk Ancillary Agreement (the "Agreement").

Article 2: Purpose

The purpose of this Agreement is to authorize certain on-going cooperative agreements by the parties hereto, including agreement not to operate competing PCTC services, following the acquisition by the Company of the stock of Maersk Shipping Singapore Pte. Ltd.

Article 3: Parties

The parties hereto are the following:

(1) Höegh Autoliners A/S (the "Company")
Drammensveien 134
0277 Oslo, Norway

(2) Höegh Autoliners Holdings AS ("HAH")
Drammensveien 134
0277 Oslo, Norway

(3) A.P. Moller-Maersk A/S ("Maersk")
50 Esplanaden
1098 Copenhagen K
Denmark

(4) Maersk Line A/S
50 Esplanaden
1098 Copenhagen K
Denmark
HAH and Maersk are hereinafter referred to individually as a "Shareholder" and jointly as the "Shareholders." For purposes of this Agreement, each Shareholder shall include all entities which it directly or indirectly controls, is
under common control with, or are controlled by the Shareholder. The Shareholders and the Company are sometimes referred to herein individually as a “party” and jointly as the “parties”

Article 4: Geographic Scope

The geographic scope of this Agreement shall extend to the transportation of cargo between ports in the United States and U.S. inland and coastal points served via such ports on the one hand and, on the other hand, all ports and points worldwide (the “Trade”).

Article 5: Overview of Agreement Authority

5.1 Each Shareholder agrees that its respective ownership of pure car carrier/truck carrier (“PCTC”) tonnage and its engagement in transportation with such tonnage shall be channeled to and developed via the Company.

5.2 For the avoidance of doubt, Article 5.1 shall not prevent either Shareholder from continuing or expanding their interests in the established or related businesses, such as: (i) the world wide liner services of Maersk; (ii) transportation of cars and rolling stock in containers or by road or onboard other vessels than PCTC tonnage; (iii) ro-ro and ro-pax services; (iv) activities of Maersk Line Limited (including operation of US flagged PCTC and related tonnage which does not compete in any material respect with the non-US flag
activities of the Company); (v) operation of terminals, including terminals for PCTC vessels; or (vi) provision of logistics services, including to companies in the car and other industries.

5.3 Whenever a Shareholder considers engaging in any new PCTC tonnage ownership or operation, including the acquisition of existing PCTC tonnage or a newbuilding (a “PCTC Opportunity”), it shall first cause such PCTC Opportunity to be presented to the Board of the Company, which shall have the following alternative choices (which choice, in the event that Aequitas presents the PCTC Opportunity, shall be made with the affirmative vote of at least one Maersk director):

(a) to include the PCTC Opportunity in the Company’s range of activities;

(b) to reject the PCTC Opportunity in question as an interesting opportunity for the presenting Shareholder to pursue, thereby leaving that Shareholder free to pursue such opportunity for itself; or

(c) to veto entirely the implementation of the PCTC Opportunity in case the Company and the non-presenting Shareholder reasonably conclude that the implementation of the PCTC Opportunity would be incompatible with the interests of the Company, in which case the presenting Shareholder shall not proceed with the opportunity.

However, before permitting a Shareholder to freely pursue a PCTC Opportunity in accordance with (b) above or vetoing a PCTC opportunity in accordance with (c) above, the Board of the Company shall give due consideration to the
short/long term effects this may have on the Company, and also consider whether the Company will be better served by being associated with the business.

5.4 The principles set forth in Articles 5.3(a) through 5.3(c) above apply specifically to new PCTC tonnage. Priority for the Company does not apply for existing activities in which a Shareholder is already engaged, such as the existing liner service and other activities of the Shareholders. The principles set forth in Articles 5.3(a) through 5.3(c) above are valid regardless of the size or type of PCTC tonnage in question, excluding ro-ro and ro-pax tonnage.

5.5 If a Shareholder does not abide with the principles laid down in this Article 5 and engages in PCTC tonnage not authorized under the above principles, such breach shall be considered material for the purposes of this Agreement.

5.6 Notwithstanding anything to the contrary in this Agreement, each of the Shareholders may wholly or partly acquire a company or business owning PCTC tonnage, provided that: (i) such PCTC Tonnage is ancillary to the main activities of the company or business being acquired; and (ii) the value in good faith ascribed by such Shareholder to such PCTC tonnage accounts for less than 20% of the total transaction value, and (iii) such Shareholder shall within one year after the completion of the transaction either (A) offer such
PCTC tonnage to the Company in accordance with this Agreement; or (B) complete a sale of such PCTC tonnage to a third party not being part of such Shareholder.

5.7 If either of the Shareholders engages in PCTC tonnage in breach of the principles laid down in this Article 5, and such PCTC tonnage is not offered to the Company within 90 days in accordance with the terms of this Agreement, the other Shareholder may, without prejudice to any other rights it may have under this Agreement, at the end of such 90-day period (i) cause the Directors nominated by the other Shareholder to be removed from the Board; and/or (ii) restrict the information given by the Company to such Directors, the other Shareholder, or any other person representing such other Shareholder.

5.8 After the sale of its shares in the Company, whether to the other Shareholder or a third party, a Shareholder shall not for a period of three (3) years from completion of such sale compete directly or indirectly with the Company and engage in any PCTC tonnage which if that Shareholder had continued to be a party to this Agreement, would have to be presented to the Board pursuant to Article 5.

5.9 The Shareholders shall use their reasonable endeavors to promote and develop the business of the Company, inter alia, by, upon reasonable notice from the Company, participating in presentations of the Company to
customers and business associates, and generally promoting the Shareholders’ relation to the Company. Each of the Shareholders shall periodically inform the other of any actions or steps taken or proposed to be taken in this regard.

Article 6: Authorized Representatives

The parties’ authorized representatives and counsel for the parties are each hereby authorized to subscribe and file with the Federal Maritime Commission this Agreement and any modification hereof.

Article 7: Voting

Amendments to this Agreement shall require unanimous agreement of the parties.

Article 8: Effectiveness, Duration and Termination

8.1 This Agreement shall become effective on the date it enters into effect under the U.S. Shipping Act of 1984, as amended. It shall remain in effect until the earliest of:

(a) the unanimous agreement of the parties to terminate it;

(b) the shares of the Company are listed on the Oslo Stock Exchange or equivalent securities market; or
(c) either Shareholder has transferred all of its shares in the Company to an unrelated third party.

8.2 The FMC shall be notified promptly of the termination of this Agreement.
