Subject: Docket No. 22-04, Comments on Demurrage and Detention Billing Requirements ANPRM
Date: Tuesday, April 12, 2022 4:25:55 PM

Hello

These additional fees combined with obscene ocean freight rates must stop. Increased port congestion does not allow enough time to pull multiple containers within the 5 days allowed. Ocean carrier profits are at all-time highs but yet the greediness persists. In the end the average consumer pays for it all. As if inflation is not high enough already.

Regards
Bill Word
